

SHOWBIZ JEFF™

1. Cut along the dotted line with your safety shears!

2. Cut out the eye holes, as one does with the photographs of Jeff that they keep hanging up behind the false wall in their basement. Use a needle or sharp pencil to poke out the "X" on either side of SHOWBIZ JEFF™'s head, and thread a piece of mint dental floss through (floss not included)

3. Wear your mask around, letting all the other cool Gen Z'ers know that you are, in fact, a BIG DEAL.

4. (Optional) Become grievously injured by slipping on ice on a 58° day!
